Welcome. This guide walks you through the website with pictures, one action at a time. Skip to the section that matches how you use the site:

- [Signing in](#) — everyone
- [Students](#) — see your courses, read PDFs, view announcements
- [Teachers](#) — add sections and resources to your courses
- [Admins](#) — manage users, courses, banner, announcements

At the end there's a [screenshot checklist](#) — the shots you (or whoever is assembling this guide) need to take so every image below shows up.

Signing in

1. Open the website in your browser.
2. Type your **Username** and **Password**.
3. Click **Sign in**.

A screenshot of the OSTeR Qin login interface. At the top center is the OSTeR Qin logo, which consists of a red and gold crown icon followed by the text "OSTeR Qin". Below the logo is a white rectangular login form. Inside the form, the text "Sign in to your account" is displayed. Below this text are two input fields: "Username" and "Password". Under the "Password" field is a checkbox labeled "Remember me". At the bottom of the form is a dark blue button with the text "Sign in" in white. Below the button, the text "Forgot your password? [Contact admin](#)" is displayed. At the very bottom of the page, below the login form, is the copyright notice "© 2026 OSTeR Qin".

Courses

Sidebar → **Courses**.

- **+ New course** (top right, admins only) — creates a course with a code, name, description, and optional banner image.
- **Edit** on each row — takes you to the same tabbed edit page teachers see.
- **Deactivate / Activate** — hides the course from students without deleting it.

The screenshot shows the OSTeR QIn web application interface. On the left is a sidebar with navigation links: Home, Courses (highlighted), USERS, Roles, Users, Import Students, SETTINGS, Banner, Announcement, and Website Settings. At the bottom of the sidebar are links for Account and Sign out. The main content area is titled 'Courses' and features a '+ New course' button in the top right. Below the title is a search bar labeled 'Search code or name' and a filter dropdown set to 'All', with 'Filter' and 'Clear' buttons. A table lists the courses with columns for CODE, NAME, TEACHERS, STUDENTS, SECTIONS, STATUS, and CREATED. Each row includes 'View' and 'Edit' buttons. The table contains five rows of course data.

CODE	NAME	TEACHERS	STUDENTS	SECTIONS	STATUS	CREATED

The **Details** tab (admins only) is where you change the course code, name, description, and banner image.

The **Teachers** tab (admins) — assign staff.

The **Students** tab — enroll or remove students.

The screenshot shows the 'Send announcement' interface in the OSTeR Qin system. On the left is a sidebar with navigation links: Home, Courses, USERS (Roles, Users, Import Students), SETTINGS (Banner, **Announcement**, Website Settings), and Account/Sign out. The main content area is titled 'Send announcement' and contains a form with the following fields: Title (text input), Message (text area), Audience (dropdown menu set to 'Students'), Course (dropdown menu set to 'All'), Start (datetime picker set to '2026-05-21 09:00'), and End (datetime picker set to '2026-05-21 17:00'). At the bottom of the form are two buttons: 'Send announcement' (dark blue) and 'Cancel' (red). The top right of the interface shows the user's initials 'CA'.

The announcement appears at the top of every recipient's Home page. **Admins always get a copy**, so you'll see yours on your own Home too.
